## Providing Information and Support

Care Design NY has developed a strong framework for escalating our involvement to increase support to individuals and families during the COVID-19 pandemic and public health crisis as needed. If you need additional support or assistance, please contact your care manager. Additionally, you can always reach out to: [memberfeedback@caredesignny.org](mailto:memberfeedback@caredesignny.org)

We also have an emergency resource search tool and a page with guidance and informational documents to help you.

If you haven't already subscribed to our news alerts like this one, please [click here](#) to subscribe to our mailing list.
